## Indian Institute of Soil Science

Nabi Bagh, Berasia Road, Bhopal(M.P.)INDIA

F. No. 5-18/2003/P&S/IISS/

Date: - 17/01/2004

From:

Administrative Officer,  
Indian Institute of Soil Science,  
Bhopal.

To,

As per list enclosed. (1 to 34)

Sir,

The Indian Institute of Soil Science, Bhopal has decided to prepare video film

### 1. Vermicomposting for biofertilizations

You are hereby invited to submit your expression of interest to undertake the assignment mentioned above. It is to mention that this is a "FIXED BUDGET ASSIGNMENT" for Rs. 2.5 lakh for one film for 15 minutes duration. Following tasks are to be carried out by the film producers/service providers:

1. Developing concept and approaches on the subject of the film in consultation with the client.
2. Development of detailed scenario script, storyboard and production plan along with time-schedule, in consultation with the client.
3. Translation of the script into Hindi by an expert.
4. Development of a shooting schedule agreeable with to the client. Details of requirement of shooting at each location should be given well in advance to the client.
5. Actual shooting in accordance with the mutually agreed production plan and shooting schedule.
6. Post production jobs including audio recording, graphics generation/animation as per the storyboard requirement and in consultation with the satisfaction of the client.
7. Editing of film on linear or non-linear mode as per the detailed scenario/storyboard ensuring authenticity and objectivity of the content.

Contd...

We shall provide the following:

1. Background materials to facilitate development of concept/storyboard with detailed scenario script.
2. Appropriate arrangement of materials and location details for shooting of laboratory and field subjects.

The film producers/service providers will be required to strictly observe quality parameters as mentioned below:

1. The film produced should meet technical and aesthetic standards of production. Technically, the quality should be as per CCIR/TU specifications for video and chrominance levels. Typically maximum luminance, 1 Volt P-P and with 0.7 volts of video and 0.3 volts of sync. Pulse. Maximum chrominance saturation = 100% (colour difference signal = 0.7 volts)
2. Audio level of the film should be within the range of -5 db to +4 db
3. Length of opening & closing credit/title may be restricted to 30 seconds.
4. All shootings should be done on professional 3-CDD PAL color camera and produce the programme on Beta SP. The final edited master tape should be supplied to the client concerned in Beta SP format only.
5. The video film has to be produced originally in Hindi with a copy each in English and one other regional language.

You are required to submit the following additional information also:

1. Year of establishment of the firm,
2. Present financial status, along with documentary evidence of registration with Government agencies and proof of income tax,
3. Number of films already produced especially in the field of agriculture and related areas with details about the total involvement in its production.
4. Awards received on the film produced.

The film producer should be capable of completing all the tasks as listed above within a period of 90 days from the date of the award of assignment.

You are requested to please send your reply through return fax latest by 30th January, 2004.

Thanking you,

*Biswari*  
*19/1/04*

Yours faithfully,
